To Whom it concerns:

This memorandum is to cover my endorsement of Alan Martinez for House District 23. I am the President of the Triskelion Group of New Mexico, President of the New Mexico Professional Security Association, Rio Rancho Regional Chamber of Commerce Veterans Business Support Coalition Chair, That Others May Live Foundation Board of Directors member.

Because of Alan Martinez, I can say without a doubt, I hold these positions because of his leadership. A little over eight years ago, then Deputy Secretary Martinez, used his leadership skills to help me find the path to starting my own company. Without his direction our company would not have been able to achieve the accolades we did in the time we did. My company started with four and has grown to 76.

Alans leadership and knowledge of the New Mexico legislative process has continued to help me as a medium size business. He has shown his commitment to veteran owned businesses like mine by continuing to assist navigating the red tape of state government.

Alan has fought for New Mexico's veterans and their families. His passion for serving and his drive to make New Mexico a better place to live, to grow a family, and to open and operate a business is why I am proud to endorse Alan for House District 23.

Sincerely,
